TV
Watch television

You can find a TV program which is tuned into your BeoVision 1 in four ways…
– By stepping through all tuned programs;
– By using the number keys to key in the number of the program you want;
– By calling up a program list of all the tuned programs;
– By selecting a program Group. Refer to the chapter *Use program Groups* for more information.

While watching television you can also adjust picture format and turn the BeoVision to the left or right.

Step through tuned programs

To start watching television, press TV on the Beo4 remote control. The television automatically switches on to the last program you watched.

TV	Press TV to switch on BeoVision 1
▲ ▼	Press ▲ or ▼ to step up or down through the available TV programs
1 – 9	Use 1 – 9 to key in the number of the TV program you want
SAT	Press another source button, e.g. SAT, to switch to Set-top box programs

Pressing 0 will swap between the current and previous TV programs.

See list of programs

Choose a source, for example TV, and press and hold GO on the Beo4 remote control to call up a complete list of the available TV programs. You can also call up a program list for Groups of programs.

GO	Press and hold to call up the program list for this Group
◀◀ ▶▶	Press ◀◀ or ▶▶ to see the program lists for all the other Groups

NOTE! Refer to the separate Reference book for information about how to tune in TV programs. Set-top box programs are only available if BeoVision 1 is equipped with a built-in Set-top Box Controller and a set-top box is connected.

Adjust the picture format

The picture format you choose is changed on the screen accordingly, either to a 16:9 widescreen picture or a standard 4:3 picture. The picture format you choose is not stored, when you switch to a different program or switch off BeoVision 1, the standard 4:3 picture format is restored.

Turn BeoVision 1 to the left or right

If your BeoVision 1 is equipped with the motorised stand, you can turn BeoVision 1 to the left or to the right via Beo4. You can also turn BeoVision 1 manually.

Refer to the chapter *Settings for TV position* in the separate Reference book for more information about how to preset viewing positions for BeoVision 1.

Adjust sound

Several sound adjustments possibilities are available in your BeoVision 1.

You can always adjust the volume or mute the sound completely.

If programs are broadcasted with different sound types or languages, you can choose between them.

If speakers are connected to your BeoVision 1, you are free to choose the speaker combination you prefer.

When you switch on BeoVision 1 or one of the sources connected to it, the speakers you may have connected, can be cut in or out, depending on what kind of sound suits the source you are using.

Adjust or mute the sound

While you are watching television, you can adjust the sound volume at any time or mute the sound completely.

SPEAKER 3
The television speakers, external front speakers and the BeoLab 2 subwoofer are active. For TV programmes in stereo.

Refer to the chapter *Adjust sound settings* in the separate Reference book for further information on presetting a speaker combination.

Teletext offers you a wealth of information. BeoVision 1 helps you find it fast.

The arrow keys on Beo4, the menu bar at the top of the screen and the highlighted cursor help you move to the page you want in a single step. When you get there, you can pause the turning of subpages to read them at your own pace.

BeoVision 1 can remember your favourite pages, bring you back to the previous page, reveal hidden messages or help you switch to another program's Teletext service.

Via the SETUP feature, you can make as many as 9 favourite MEMO pages on each available Teletext service. Save a page with Teletext subtitles as MEMO page number 9, and Teletext subtitles appear automatically when this program is shown.

Navigate in Teletext

Navigate through Teletext pages by using the menu bar at the top of the Teletext page.
Press **TEXT** to gain access to Teletext and **EXIT** to leave Teletext.

If you press **EXIT** and leave Teletext before the page you want is found, the display TEXT advises you when the page is found. Press **GO** to see the page. Please note that no such notification will appear if you e.g. change programs or leave Teletext by selecting a new source, such as V.TAPE.

To move to a new page…
> Key in the number of the page you wish to see, or…
> press ◀◀ to move the highlighted cursor to PAGE.
> Press ▲ or ▼ to step between pages, and hold to step faster.
> Pressing **GO** steps to index pages (100, 200, 300, etc.).

To switch using visible page references…
> Press ▶▶ to move the cursor on the bar to POINT.
> Press **GO** or ▼ to place the cursor on the page.
> Move the cursor via the arrow keys to a page reference and press **GO**.

To go back to the previous page…
> When you use POINT to step to another page, POINT on the menu bar will change to RETURN.
> Press **GO** while on the new page to go back to the previous page.

RETURN will only bring you one step back. Go back to other previously viewed pages by using the PAGE or MEMO functions.

To move to another Teletext service…
> Press ▶▶ to move the highlighted cursor to PROGRAM.
   If MEMO pages have been created, MEMO will be highlighted when you switch on Teletext. Press ▲ or ▼ while MEMO is highlighted to find PROGRAM.
> Press **GO** to call up a program list.
> Press ▲ or ▼ to find a desired program.
> Press **GO** to switch to another Teletext service.

Create or delete MEMO pages

Your most frequently viewed Teletext pages
can be saved as MEMO pages, making them
easier to call up when viewing a Teletext
service. You can save 9 favourite MEMO pages.

PAGE	MEMO1		POINT	HALT	REC	SETUP	▶
P100	BBC	S100	Ons 13 Oct		12:39:34		

PAGE	MEMO2		POINT	HALT	REC	SETUP	▶
P100	BBC	S100	Ons 13 Oct		12:39:34		

Use MEMO pages

If you have made favourite MEMO pages, you
can step between them directly.
To stop subpages from turning…
> Press **STOP** to stop subpages from turning,
  or…
> move the cursor to HALT and press **GO**. HALT
  will be replaced by a set of four digits.
> Use ▼ and ▲ to step to the subpage you wish
  to see, or key in its number.
> Press **GO** to restart page turning.

To reveal hidden messages and the like…
> Move the cursor on the bar to ▶.
> Press **GO** to change SETUP to REVEAL.
> Press **GO** again to reveal hidden text on the
  current page.

To create a MEMO page…
> Find a page you view often.
> Press ◀◀ or ▶▶ to move the cursor along the
  menu bar to SETUP and press **GO**. The 9
  available MEMO slots are shown by number.
  The first is highlighted.
> Press **GO** to store the current page. The cursor
  moves to the next available MEMO slot.
> Use the number keys on Beo4 to select the
  next teletext page you wish to store.
> Repeat the procedure for each page you wish
  to store.
> To leave the MEMO setup, press ◀◀ or ▶▶ to
  move the cursor to BACK and press **GO**.

*If you would like available Teletext subtitles to
appear automatically for a particular program,
store the Teletext subtitles page as MEMO page 9.*

To delete a MEMO page…
> Press ◀◀ or ▶▶ to move the cursor to SETUP and
  press **GO**.
> Move the cursor to the MEMO page you wish
  to delete and press the yellow button.
> Press the yellow button again to confirm.

To view MEMO pages…
> Press **TEXT** to call up Teletext.
> Press ▲ or ▼ to move between MEMO pages.
> Press **EXIT** to leave Teletext.

Use program Groups

If you have stored a lot of programs and want to get to your favourites quickly without going through the list each time, put them in a Group. You no longer need to step through programs you do not use.

Name the Groups after the people who watch them – 'Dad' or 'Mary' – or according to the types of programs included, like 'News' or 'Sports'.

When you have created and selected a particular Group, you only step through the TV or STB* programs belonging to this particular Group. Switch to a different Group to watch a different set of programs or switch from GROUPS to TV to see all the tuned TV programs.
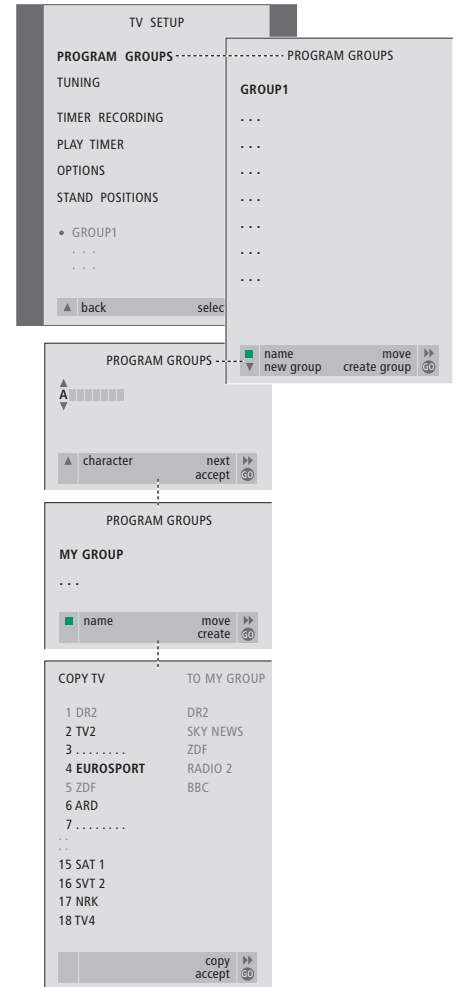

Select programs in a Group

You can gain access to your Groups by activating Groups mode. Press the arrow keys to select the Group you are looking for, then step through the programs in this Group.

TV	Press to switch on the television
◀◀ ▶▶ MY GROUP	Move left or right until GROUPS is displayed
GO NEWS	When you find the Group you want, press GO to select your Group
▲ ▼ **1 – 9** TV 2 BBC	Step up or down through the programs in that particular Group, or use the number keys to key in the number of the program you want to see
◀◀ ▶▶ SPORT **GO**	Move left or right to switch to another Group – and press GO to call it up

Press and hold GO in Groups mode to view a program list for the current Group.

Create Groups

It is possible to put together 8 different program Groups in BeoVision 1, grouped either by user or by program type. Each Group can contain up to 18 programs. 'Copies' of the same program can be stored in different Groups.
