

# BEOVISION AVANT

A celebration of movement

## A FUSION OF PICTURE AND ICONIC SOUND

BeoVision Avant is a celebration of movement, designed to provide exceptional viewing and placement flexibility. It unfolds the experience and turns gracefully to your favourite viewing position. BeoVision Avant is a fusion of Ultra High-Definition (4K) picture and iconic Bang & Olufsen sound, redefining the audio impact a TV can deliver through a 3-channel speaker system with great speech intelligibility and power. BeoVision Avant takes control of any connected device from the BeoRemote One and provides one-touch access to the Bang & Olufsen experience.
